

HPRR Booshways Book

Staff

Your staff is with out a doubt the most important part of your rendezvous. In my opinion your ability to choose and communicate with your staff is more important than any other skill you may bring to the table. It is said that you are only as good as those around you and in this case it is correct.

Who Do I Need- There are several positions that must be filled and then you can expand based on the size and needs of your rendezvous. Your key positions need to be filled with people you can count on and work with. Take your time choosing the right person for the job.

Here are the Staff Positions that I needed to fill for my rendezvous:

Booshway	Segundo	Purser
Scribe	Head Range Officer	Head Dog Soldier
Trade Commissioner	Events Officer	Gate Captain
Shooting Captain	Knife & Hawk Captain	Archery Captain
Horse Camp Captain		

I based my staff loosely off of the incident command system we were taught back in my fire department days. Basically you choose your staff with the idea that you only have 4 or 5 people that report directly to you. Then each of them has 4 or 5 reporting to them and so on until you have everything covered. Obviously you don't need to take that out to far for a rendezvous but the principle is sound.

For example my Head Range Officer reported to me, the Shooting Captain, the Archery Captain and the Knife & Hawk Captain all reported to him. Then to take it a bit farther the Shooting Captain had each days shooting event organizer reporting to him. Get the picture?

You will also have a lot of other folks willing to help out with the rendezvous. These folks will all be part of your work crew. You need to make sure to keep them interested and involved as well.

Keep Them Involved- I believe that the way to keep the staff and work crew interested and working together is to keep them all involved in the rendezvous. I put out a bi monthly newsletter to my staff and work crew that let them know every thing I was planning. I kept them all up to date with the camp improvements and the workday schedules. This lets all of them feel like part of the event.

E: High Plains Regional Rendezvous 2002 Recap and Business

Howdy Team!

HPRR 02 Recap: As you know the 2002 High Plains was in Bagley, MN. We had a pretty good time despite a few minor setbacks. Namely, we had 9-14 inches of rain the day we arrived and spent the balance of the week trying to keep the mud off. Despite the inclement weather and long trip we did manage a pretty good showing from Kansas. Besides Lee and I Gary Groh, Bill and Mae Moore, Wayne and Dora Tebbutt, JJ and Susan Jones, Rich Massieon, Mary Pryde, and Mason and Vicki Schlegal all made the trip. We also met some new folks from the Kansas City Kansas area that were attending as well. Several of the Kansas men shot well but I think the Kansas women placed in the top three positions in almost every event, especially Mae Moore.

Lee, Wayne and I learned a lot from our experience in Minnesota, one of the most important is to have an ATV on-site for emergencies, more on that to follow. All in all we had a good time and learned a lot in Minnesota. We met a lot of great people from Minnesota, Nebraska, and North & South Dakota, all of whom demonstrated why it is great to be a buckskinner and many who went above and beyond to help a friend they barely knew. By the way Lee, and Rich did a fantastic job representing Kansas, Kansas Buckskinners and getting the word out about our Rendezvous.

Gary Groh: As some of you may know, Gary Groh had the unfortunate luck to have a pretty major heart attack early Thursday morning at the High Plains. Fortunately, he had the presence of mind to realize he had a problem and ask for help from some teenagers nearby. The kids ran and got help, an EMT and Paramedic in camp rendered aid and Gary was taken to meet an ambulance on the highway via an ATV. The local hospital in Bagley, MN stabilized him and sent him to Fargo via Helicopter where he underwent open heart surgery receiving 6 bypasses. Thanks to Mary Pryde, Rich Massieon and others, he is doing well and back in Missouri with Family. I think Mary drove enough miles to visit Portland, Maine, helping Gary get back home. He is doing well, he road 800 miles in one day and was up walking around and telling old soldier stories, during and after the trip. Modern medical science is amazing, and Gary is a tough individual! Let him know you're glad he'll be here to kick around in the future. Don't forget to ask Mary Pryde about Gary's new camp name!

Proposed Dates:	Main Project	Shoot
July 13	Cancelled	
August 10 th	Complete fence project, build showers, clear more camp, build gate	KVM Monthly
October 12th	Clean & Seed Short Term Camps, Finish Showers	KVM Monthly
December 14th	To be determined	KVM Monthly
March 8th	To be determined	
April 12th	Final Set-up of shooting walks, hooter covers, establish parking etc.	

August Work Day: Please bring chainsaws, shovels, work gloves, a hammer or two, maybe a back hoe if you've got one you aren't using. As always mostly we need bodies so please come and give us a hand. We'll be finishing the fence, constructing a shower stall and maybe working on the low water crossing depending on resources. Please feel free to bring a tent and camp. Please let us know in advance if you want to spend the night. We are going to shoot on Sunday with Kaw Valley for their Monthly Shoot.

Team Shoot – Just a reminder to get your teams registered and get ready for a ton of fun July 27-28 for the Kansas Championship Team Shoot 2002. The activities will be devious yet entertaining for all. We've got some nice auction items, and we'll be drawing for the 40 cal, TC Cleland Match Hawken Rifle.

Staff Memo

: High Plains Regional Rendezvous 2003 – March 8th Workday

Howdy Team!

You guys are the best, we had a record year at Frozen Butt and I think KVM owes a thank you to the High Plains staff for coming out to support their event. We had a great weekend, even though Mike Rogers, Leland Davis, Jim McCulloch and Bill Moore took top honors! Many of you attended our meeting Saturday night in the trade tent where we discussed a number of items pertaining to putting on the best primitive rendezvous this region has ever seen! We are on the final approach now and it is finally time to start working on the fun stuff. Events and finishing touches to the camp are first order of business.

We are planning two or three more workdays, I'll list them along with a brief rundown on what we will be working on below. In general, we have a few major projects to finish up on and a lot of minor details to finish up as far as camp preparation. The events will take some set-up time and energy and I think Wayne, Lee or myself have spoken to each of you individually about your events. If not please use the numbers at the bottom of the page to contact us or get with us at the workday to finish up. I personally still need to finalize plans for seminars, womens and kids games etc.

Dates:	Project:
March 8, 2003	Workday at Corndodger Station. Specifically: Finish outhouse project, Haul firewood if time permits. Lee's Crew Finish the shower structure, outhouse and transport trailer construction. Chris's Crew Set-up shooting ranges and walks. Wayne's Crew Cut poles and assemble camp tripod fences. Ed's Crew Clear a few small camp area's and cut trails Ed's Crew Some of us will be spending the night and our trade tent and stove will be available.
May 10, 2003	Workday at Corndodger Station. This is our most critical workday as we will need to have everything wrapped up and in place. We could use everyone's help on this one.
June 7, 2003	Final day to mark the parking area, mow camps and any final prep work. Anyone wishing to help with final preparation feel free to show up. This is not a critical workday as I hope all but the mowing and parking lot is completed.
June 8, 2003	This is the last day before early set up. All staff members and anyone else that has worked to make this event possible please feel free to set up your camps. This gets you set up a day ahead of everyone else. We will have someone camped on site all week prior to the opening weekend to watch your camps.

Camp Markers: Heather and Michelle are working their fingers to the bone, beading our cool camp markers, we have decided that the really cool beaded ones (suitable for sewing on your gear etc.) are going to be given to pre-registered camps only. All others paying at the gate will get plain ribbons or cheap fabric imitations. Let us know, if you know anyone who is being called up for active duty that planned to attend the High Plains, they will get one too. Please say a prayer for our soldiers and our country.

Final thoughts – Well last newsletter, I said that we were starting to turn the corner financially...I think we are around the corner and things are starting to look good. I need to stop right now and thank Bill and May Moore who sold a record number of gun and quilt tickets at the KMA convention in Great Bend. All I could say was "WOW!" Bill is a ticket selling animal! I also want to thank Rich Massieon and Mary Pryde for selling more in one weekend than Lee and I could manage in two weekends at different events hundreds of miles apart. The final thought is; "Things are going great and will continue to as long as we keep planning our work and working our plan!" We have the right staff to get it done, you all have proven that!

God Bless America,tyrants, dictators and terrorists be damned.
